

# COMPREHENSIVE COVERAGE AT AFFORDABLE PRICES

## VALUE ADVANTAGE® Parts Provide Quality and Confidence in Repairs!

Value Advantage® is a competitive lineup of service parts that are approved and validated by Nissan Engineers for Nissan vehicles. Applications are available for up to 95% of all Nissan Vehicles. Value Advantage® has consolidated part numbers to reduce Dealer inventory costs. Value Advantage® will continue to introduce new applications to help meet Dealer needs.

## TABLE OF CONTENTS

### Brake System

Brake Pads.....	4
Brake Drums.....	4
Fully Coated Brake Rotors .....	4
Brake Shoes.....	6

### Suspension Parts

Shocks.....	6
Bare Struts.....	6
Complete Strut Assemblies (CSA) .....	8
CV AXLES .....	8

### Filters

Cabin Air Filters .....	8
Engine Air Filters .....	9
Oil Filters .....	9

### Other

Tie Rod Outer .....	9
A/C Compressors .....	10
Condensers.....	10
Radiators.....	10
Spark Plugs .....	12
Ignition Distributors .....	12
Timing Belt Kits .....	12
Clutch Kits .....	14
Wiper Blades .....	14
Headlamps.....	14
Lift Supports .....	15

### Chemical and Fluids

Brake Calipers - Reman .....	17
Engines - Reman .....	17
Transmissions - Reman.....	17
Alternators - Reman .....	18
Starters - Reman .....	18
ETBs - Reman .....	18

### **Brake Pads**

VALUE ADVANTAGE® brake pads deliver clean, quiet, smooth, and reliable performance for everyday driving conditions. Developed to satisfy customer's coverage and cost needs of older vehicles.

**NISSAN VALUE ADVANTAGE®  
TAKING YOU THAT EXTRA MILE**

### **Backing Plate**

- Noise dampening
- Reduced brake pulsation

### **Shim**

- Spring Lock shim\*
- Reduced noise and vibration
- Durable

### **Chamfers\***

- Reduced noise and vibration

### **Slots\***

- Optimal cooling

### **Ceramic Friction Formulation**

- Copper-free
- Extended wear
- Reduced dust
- Less noise
- Maximum stopping power
- Improved pedal feel

### **Hardware Included\***

\* Where applicable

### **Brake Pads**

- All kits include pads, hardware, shims, and a grease pack where applicable
- Excellent durability and stopping power
- Wear sensors and caliper bracket liners are included
- Equipped with an oxide-inhibiting coating to help prevent rust
- **BRAKE PARTS LIMITED WARRANTY:**  
36 Months/36,000 Miles (whichever occurs first)\*

### **Brake Drums**

- Validated for proper balance and harmonics: each drum is 100% inspected to ensure smooth brake operation and noise-free performance
- Built to minimize noise and vibration, for smooth and quiet braking
- 100% precision turned and balanced for smoother stops
- **BRAKE PARTS LIMITED WARRANTY:**  
36 Months/36,000 Miles (whichever occurs first)\*

### **Fully Coated Brake Rotors**

- Full Rotor coating to help prevent corrosion, allowing the rotor to last longer
- Non-directional ground finish on rotors mean they are ready to install right out of the box
- Rotors meet SAE Tensile Strength Standard for structural integrity and maximum service life
- Precise rotor thickness and controlled lateral run-out reduce pedal pulsation and brake noise
- **BRAKE PARTS LIMITED WARRANTY:**  
36 Months/36,000 Miles (whichever occurs first)\*

### **Fully Coated Rotors**

The VALUE ADVANTAGE® fully coated rotors provide exceptional rust protection, stopping power, noise reduction, cooling and reduces the chance of pedal pulsation.

**NISSAN VALUE ADVANTAGE®  
TAKING YOU THAT EXTRA MILE**

#### **Protective coating in vanes and edges**

- Reduced corrosion in vanes
- Optimal venting for cooling

#### **Protective Coating**

- Corrosion resistant

#### **Precision Engineered**

- \* Non directional finish under coating
- \* Tight lateral run-out
- \* Mill balanced edges
- \* OE matched vane configuration

### **Brake Shoes**

- Constructed with premium new steel and dipped coating for corrosion resistance
- Friction material bonding with adhesive helps ensure reliable performance
- Premium new steel featuring a premium dipped coating. This coating provides corrosion resistance for superior durability
- **BRAKE PARTS LIMITED WARRANTY:**  
36 Months/36,000 Miles (whichever occurs first)\*

### **Shocks**

- Chromed iron piston with a leak-proof seal for enhanced corrosion resistance
- Compression disc designed for reliable performance under heavy conditions
- Precision-engineered and tested on the same Nissan applications for which they were designed to fit
- **LIMITED WARRANTY:**  
12 Months/12,000 Miles (whichever occurs first)\*

### **Bare Struts**

- Precision-engineered and tested on the exact Nissan applications for which they were designed to fit.
- Material validated by Nissan engineers to perform optimally, helping restore factory ride, form, fit, and function.
- Corrosion-resistant with rust protection, ideal for humid climates
- **LIMITED WARRANTY:**  
12 Months/12,000 Miles (whichever occurs first)\*

**VALUE  
ADVANTAGE®**

## Engine Air Filters

VALUE ADVANTAGE® engine air filters trap dust and soot to help keep engines clean.

**NISSAN VALUE ADVANTAGE®  
TAKING YOU THAT EXTRA MILE**

### Filter Pleats

- Maximum dirt and soot reduction

### Seal

- Perfect fit

### **Complete Strut Assemblies (CSA)**

- Precision engineered to deliver the ride and performance designed into every Nissan
- No spring compressor needed for installation
- Corrosion resistance helps provide rust protection for the CSAs.
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

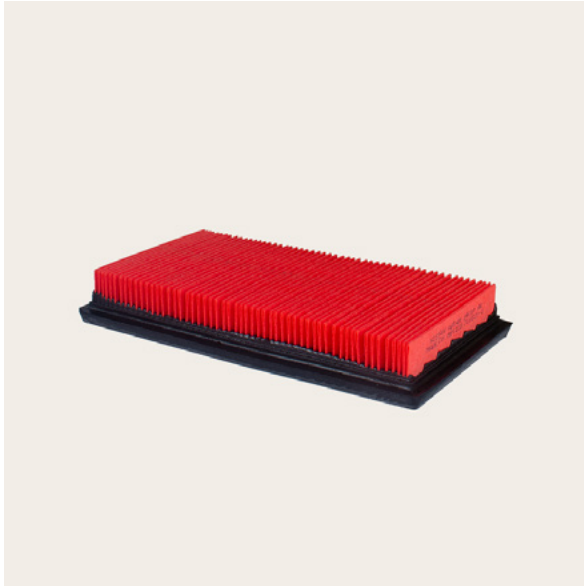

### **CV AXLES**

- Material validated by Nissan to perform optimally, helping restore factory ride, form, fit, and function
- Helps to reduced wear and tear CV axles help minimize damage to other drivetrain components
- Contaminant protection provides effective sealing to help keep out dirt
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### **Cabin Air Filters**

- The anti-microbial media of the Nissan CN95 cabin air filters inhibit growth of 95% of captured microorganisms resulting in improved cabin air quality
- Protection for the A/C and heating system
- High dust holding capacity due to a high filtration efficiency rate
- Filters and removes most fine dust, pollen, road dust, soot, and bacteria
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first\*)

### Engine Air Filters

- High-quality cellulose fibers for impurity retention
- Helps remove soot and dust from the air flowing into your engine
- Minimum 99% efficiency in capturing and retaining contaminants
- Helps prevent damage to internal engine parts

LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### Oil Filters

- Designed to last 20% longer than standard Oil Filters
- Provides continuous protection for your engine, even in demanding conditions
- Retains contaminants and dirt with a capacity equivalent to Genuine Nissan filters
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### Tie Rod Outer

- Strong, durable construction delivers consistent torque for smooth operation.
- Low-friction double bearings offer high impact resistance.
- Our tie rods match Nissan Original Equipment in fit, form, and function.
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

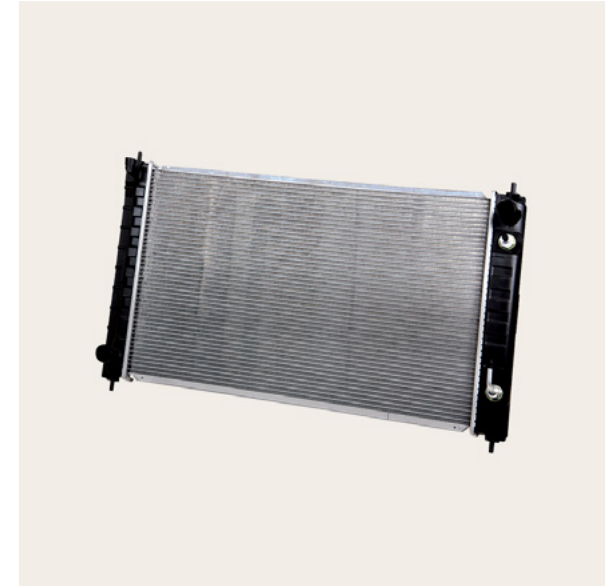

### **A/C Compressors**

- Comes prefilled with 2 oz of OE-specified oil for added convenience.
- Thrust bearings improve resistance to tension and stress
- PTFE-treated pistons help ensure smooth and efficient operation.
- Key components are made from lightweight aluminum alloy for strength and reduced weight.
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### **Condensers**

- Designed and tested for easy drop-in fit
- Lowers the temperature of refrigerant gas, converting it back into liquid form for recirculation within the cooling system.
- All connections are machined to tight tolerances for proper sealing of the refrigerant lines, ensuring a hassle-free installation.
- Premium aluminum material for greater durability
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### **Radiators**

- Radiator assemblies are backed by Nissan's quality assurance and built with premium materials to help maximize cooling performance and reliability.
- Precision-manufactured tanks help minimize leaks, while premium oil coolers protect the transmission from damage.
- Tubes and fins are optimized for ideal coolant flow and efficient heat transfer.
- Header plates are precision-cut for tight seals, and drain plugs feature high-quality materials to help reduce leaks.
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

**VALUE  
ADVANTAGE®**

## Spark Plugs

VALUE ADVANTAGE® spark plugs are OE approved and validated on Nissan engines to provide smooth starts.

**NISSAN VALUE ADVANTAGE®  
TAKING YOU THAT EXTRA MILE**

### Tri-metal Mix Electrode

- Effective conductor

### Spark Plugs

- Engineered to meet performance standards for reliable ignition and to help with fuel efficiency
- Nickel alloy center and ground electrodes for consistent spark and extended service life.
- Ribbed insulator design helps prevent flashover and improve dielectric strength.
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### Ignition Distributors

- Eliminates the need to reuse old components, harnesses, or perform wire splicing, saving time and helping ensure a cleaner installation.
- Additional gel added to the module to reduce the potential of a thermal failure
- Complete assemblies with cap, rotor, and shaft seals, ready to install
- Precision-machined bodies and ground shafts ensure proper fit, accurate mounting, and high-speed reliability while helping prevent bearing failures.
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### Timing Belt Kits

- Complete kits include timing belt, tensioner, idler pulleys, and water pump for a full system replacement
- Manufactured to meet OEM specifications, helping ensure precise fit and reliable engine timing performance
- Complete timing system kit with all parts included to save time sourcing components.
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

## VALUE ADVANTAGE®

### Wiper Blades

VALUE ADVANTAGE® wiper blades provides optimal clarity with uniform stability across the windshield and helps enhance visibility.

**NISSAN VALUE ADVANTAGE®**  
**TAKING YOU THAT EXTRA MILE**

### Flex Cover

- Optimal de-icing

### Connector

- Easy installation

### Graphite Rubber Blade

- Reduce noise and friction

### Wiper Blades

- Spring steel beam structure with pivoting shells optimizes pressure
- Turbine airfoil shell provides optimal contact pressure at highway speeds

### Conventional Wiper Blades

- Direct replacement for vehicles originally equipped with conventional blades

### Premium Wiper Blades

- Twin-rail Spline/Vertebrae: Similar design to OE beam wiper blades provides more forgiveness and accuracy in wipe performance (compared to single spline on other hybrids).
- Z7 Infused Rubber: Premium proprietary spray coating helps provide longer life and better performance.
- Enclosed Beam Construction: Designed to minimize snow and ice buildup.

### Clutch Kits

- Complete clutch kits provide all essential parts engineered for seamless compatibility, ensuring reliable engagement and smooth operation under various driving conditions
- Each Clutch Kit includes all necessary components for easy and efficient installation, such as the clutch disc assembly, release bearing, alignment tool, grease packet, and pressure plate cover assembly.
- A detailed installation guide is also included to assist technicians throughout the process
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### Wiper Blades

- Our line includes a full range of wiper blades: conventional, hybrid, premium beam, and winter beam, designed to meet different driving conditions and preferences.
- Enhanced beam wiper blade design with easy-to-install connection system
- Designed to deliver durability and performance for a clear view.
- The wiper's function is to clear liquids from the windshield, instantly removing dirt, snow, and water to help maintain clear driving.
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### Headlamps

- These headlights are CAPA certified for quality and performance
- Meet or exceed FMVSS 108 standards for photometry and safety compliance
- High-quality fasteners and mounting tabs help ensure precise fit and easy installation, while rigorous cycle testing provides extended performance and durability.
- Certified ISO9001:2000 and QS9000 facilities produce precision components for all aspects of the light assembly
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

## Lift Supports

- Built with durable steel construction to help provide reliable support and long-lasting performance.
- Precision-engineered gas struts to help ensure smooth and controlled opening and closing of the hood or trunk.
- Powder coated tubes help keep the exterior free from rust for the life of the support
- Nitride coated shafts provide smooth operation and a corrosion resistant surface
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

## Brake Cleaner

Value Advantage® Brake Parts Cleaners are specially formulated to effectively remove grease, oil, brake fluid, and other contaminants from brake system components

- Nissan tested and backed
- VOC compliant options for all locations
- Available in drums and aerosol cans
- Advanced formulas
- Optimized performance
- Excellent cost value

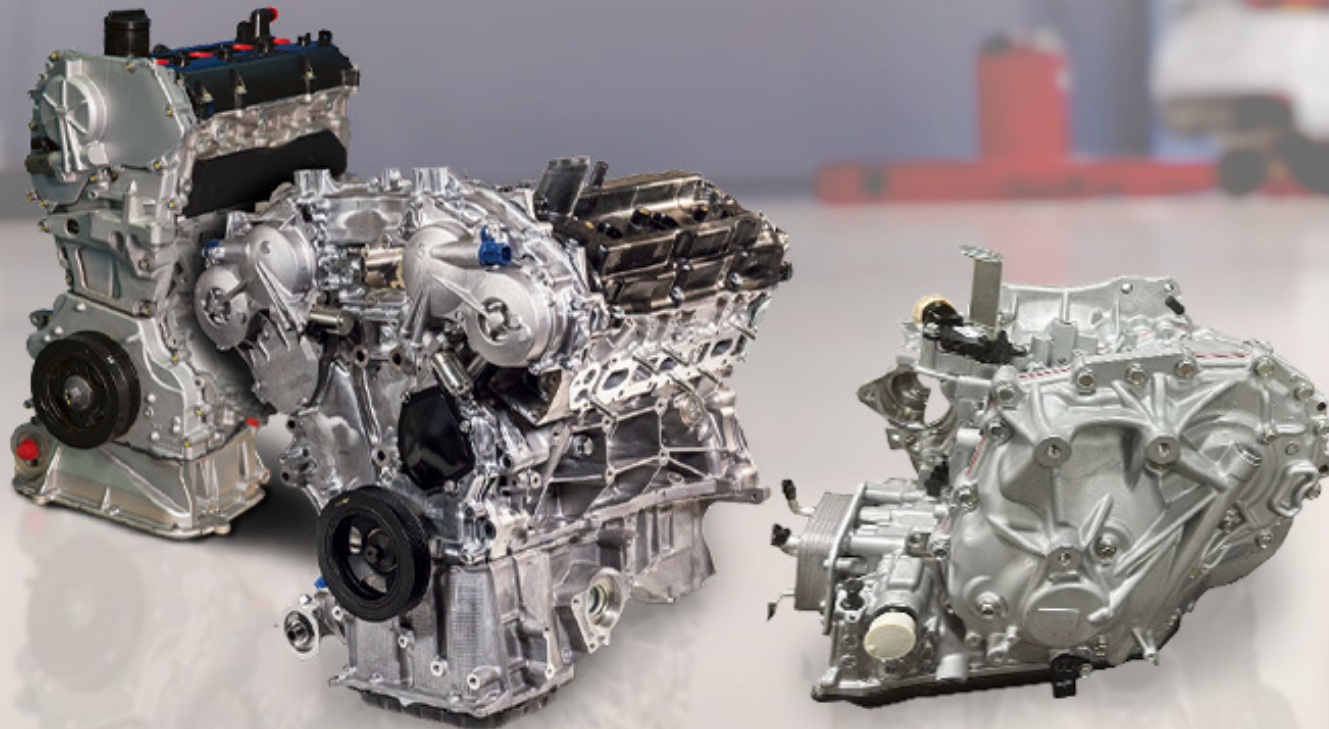

## Glass Cleaner

Clean and polish any glass surface with this easy-to-use, fast-acting glass cleaner. Ammonia-free and cleans thoroughly without leaving streaks, dries quickly and leaves a clean, fresh scent.

- Nissan tested and backed
- Advanced formulas
- Optimized performance
- Excellent cost value

# NISSAN GENUINE REMANUFACTURED PARTS

Tested to meet Nissan original specifications,  
providing quality and performance

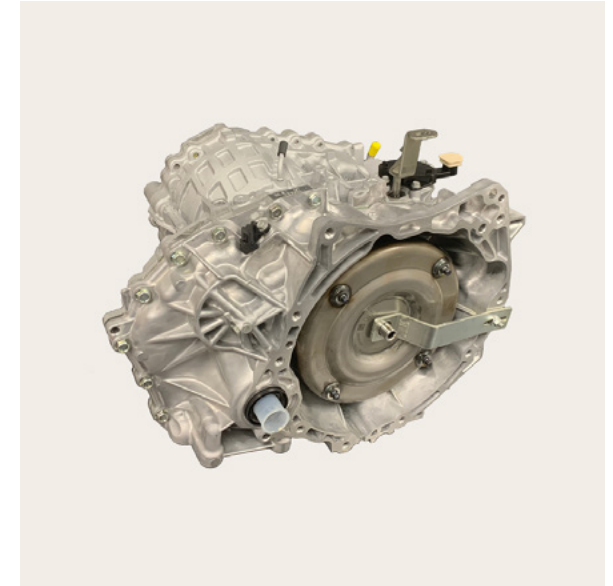

### **Brake Calipers - Reman**

- Each unit is tested for pressure, leak-down, and piston movement.
- Includes replacement banjo bolt seal, copper washer, and all piston seals.
- Floating calipers come complete with all necessary brackets.
- Powder-coated finish ensures uniform appearance and long-lasting protection.
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### **Engines - Reman**

- Long Block Applications for 2.5, 3.5, 3.7, 4.0, 5.6-liter engines
- Precision-machined to exact specifications using advanced equipment.
- Gaskets, seals, rings, pistons, and valves are replaced with new components
- ENGINE LIMITED WARRANTY:  
3-Years/Unlimited Miles (applies for products sold after July 1st 2024)\*

### **Transmissions - Reman**

- 100% Inspection, tested and replacement of critical components
- 100% Updated valve body kits to replace worn valves and shifting concerns
- 100% Dynometer end of line certification to ensure quality
- Shipped in returnable containers to simplify core returns
- TRANSMISSION LIMITED WARRANTY:  
3-Years/Unlimited Miles (applies for products sold after July 1st 2024)\*

### **Alternators - Reman**

- Front housing is precision-inspected, cleaned, and re-tapped to meet Nissan quality specifications.
- Rotor assembly is quality-inspected, tested, and balanced to ensure compliance with Nissan original equipment standards
- Rectifier/diode tested to guarantee optimal performance and reliability
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### **Starters - Reman**

- Remanufactured starters are rebuilt to original specifications and often upgraded for better performance and reliability.
- They are designed to fit specific Nissan models accurately, ensuring compatibility comparable to new starters.
- Electronic components are tested during disassembly to ensure they meet Original Equipment quality.
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*

### **ETBs - Reman**

- Manufactured using OE approved components and procedures
- Computerized testing of motor, throttle position sensor and articulation
- Nissan expert engineers conduct rigorous inspections and quality tests on each component to help optimal operation
- Every component is inspected, remanufactured or replaced for a durable high-quality product
- Cleaning process helps prevent the throttle bore surface from being damaged and ensures optimum airflow
- LIMITED WARRANTY:  
12 Months/12,000 Miles (whichever occurs first)\*
