## HEADLAMPS

### OUR FEATURES

- These headlights are CAPA certified for quality and performance
- Meet or exceed FMVSS 108 standards for photometry and safety compliance
- High-quality fasteners and mounting tabs help ensure precise fit and easy installation, while rigorous cycle testing provides extended performance and durability
- Certified ISO9001:2000 and QS9000 facilities produce precision components for all aspects of the light assembly
- **LIMITED WARRANTY: 12 Months/12,000 Miles (whichever occurs first)**  
(Images shown for illustrative purposes only. For complete limited warranty details, see your Nissan dealer and read the product warranty information.)

### VALUE TIPS

#### WANT TO GET THE MOST OUT OF YOUR HEADLAMPS?

1. **Check Headlamp Alignment:** After replacing headlamps or bulbs, verify alignment to ensure the best visibility and prevent glare for other drivers.
2. **Inspect Wiring and Connectors:** When replacing headlamps, check that all wiring and connectors are intact and free from corrosion or damage.
3. **Check and Clean Headlamp Lenses Regularly:** Dirt and debris on lenses can reduce light output and visibility—clean them gently with appropriate products.
