Features/Benefits:

- Warranty 3 years/unlimited miles* (whichever occurs first)
- Order through the EPC, shipped directly from the PDC's
- Standard parts warranty process
- Standard core return process
- Dealer net pricing @ \$6,120 MSRP \$8,400* (*subject to change without notice*)
- Returnable dunnage

Vehicle Applications

Value Advantage Part Number	Applied Model	Model Code	Start	End	Body	Genuine Part Number
A0102-1LA0J-NW	QX56	A60	04/10	08/12	All	101021LA0A
	QX80	Z62	08/12	08/14	All	101021LA0A
	QX56	A60	04/10	08/12	All	101021LA0B
	QX80	Z62	08/12	08/14	All	101021LA0B

During installation, the oil pan assembly and valve covers from the OE engine core will need to be transferred to the VA Reman engine, if they are in usable condition. If unusable replace with new parts.

Warning! You must clean and carefully inspect all parts prior to transferring them to the replacement engine. If the removed engine had a catastrophic failure, then you **must** clean or replace the intake manifold and exhaust.

Engine warranty does not cover subsequent failures caused by:

- Debris dropped into the engine during installation
- Debris ingested through the intake or exhaust from a previous failure

*Refer to IPSB 23-532 Enhanced Limited Warranty on INFINITI Engine and Transmission Service Parts for additional information

The following list of new parts will be required on the Reman engine, and any additional parts that are deemed single use from the EPC:

- Crankshaft pilot bearing
- Oil & Oil Filter
- Oil Pan drain plug washer
- Three bond Liquid Gasket 1281B
- Intake Manifold Gasket(s)
- Exhaust Manifold Gasket(s)
- Valve cover gaskets
