**Subject: Presenting the New Launches of Value Advantage® Parts for H1**

Value Advantage® Tie Rods: Essential components of the steering system, allowing for precise and safe handling, with a strong, durable construction that provides consistent torque for smooth operation, as well as a low-friction double bearing for high impact resistance.

**Benefits of Tie Rods:**

- Strong, Durable construction provides consistent torque for smooth operation
- Low friction double bearing for high impact resistance
- Our tie rods are OE matched for fit form and function
- Value Advantage® Tie Rods are forged for durability and stress resistance compared to other available tie rods
- Engineered and approved through Value Advantage®
