## Lift Supports

## OUR FEATURES

Built with durable steel construction to help provide reliable support and long-lasting performance

- Precision-engineered gas struts to help ensure smooth and controlled opening and closing of the hood or trunk
- Powder coated tubes help keep the exterior free from rust for the life of the support
- Nitride coated shafts provide smooth operation and a corrosion resistant surface
- LIMITED WARRANTY: 12 Months/12,000 Miles (whichever occurs first)  
(Images shown for illustrative purposes only. For complete limited warranty details, see your Nissan dealer and read the product warranty information.)

## VALUE TIPS

Looking for Long-Lasting Lift Supports? Check Out Our Value Tips!

- Replace in Pairs if Needed: If one support is weak or failing, consider replacing both to ensure balanced lifting and reliable operation.
- Avoid Forcing the Hood/Trunk Closed: Never push down on the hood or trunk when supports are engaged—this could damage the support mechanism.
- Keep Mounting Points Clean: Dirt or rust at mounting points can affect proper installation and long-term support performance.
